

The Rainmaker lets you display your message anywhere, in any weather. It is the perfect solution for open-air use, such as concerts, sporting events, festivals, and other outdoor gatherings. Setup is quick and easy, and the sturdy base can be filled with water or sand to provide extra stability.

The adjustable rotating central hub offers the option of presenting your graphic at various angles; vertical, at a 45 degree angle and horizontal.

The Rainmaker is easy to transport and sets up in minutes. It is available as single sided or double sided.
